## Armed robbery at gas station

### Threatens manager, flees with \$200

An armed robber pulled a gun on a service station manager Monday, threatened to kill him, and fled on foot with about \$200.

The robbery happened at 8:45 in the morning at the J&L gas station on Rte. 173, west of Antioch in the Channel Lake area.

Lake County sheriff's deputies are investigating the case. Although the robber fled on foot, they think he might have had an accomplice waiting somewhere in a car.

COUNTY POLICE SAID the manager, Charles Baker, told them a man about 40 years old walked into the gas station and stood around for a while. He bought cigarettes, police said, then pulled out an automatic weapon and said to Baker:

"Give me all your money or I'll kill you."

Baker gave him about \$200, police said, and the robber ordered:

"Turn around or I'll kill you."

The robber was last seen fleeing on foot, west on Rte. 173. He disappeared into a subdivision.

THE SUSPECT WAS wearing a brown stocking cap, tied under his chin, police said.

He also wore a brown plaid jacket and dirty blue jeans.

He was described as being about 5-foot-10 and 170 pounds.

ALTHOUGH THEY WERE CHEERING for Antioch, six lovely young ladies "condescended" to pose with Doug Plank of the Chicago Bears at last Friday's basketball game here. From left: Dianne Periman,

Sandy Stewart, Nanci Eberman, Kaye Westlund, Laura Schumacher and Sue Mueller. The Bears and Antioch's Chamber of Commerce team, somehow, tied 53-53.

ANTIOCH'S BUSINESSMEN had no trouble keeping up with the Chicago Bears in Friday night's basketball fun here... especially when the Bears' 6-foot-4 Tom Hicks helped Antioch's Frank Morici get closer to the basket for two points. At left is Tom Kelly. (Lots more pictures inside.)

## Voters nix park district

Voters in the village and township of Antioch decided last Saturday that they aren't ready for a township park district.

The plan was clobbered at the polls by a vote of 1,168 to 185.

Most of the talk around town was that residents objected to the idea of another tax increase.

If the creation of the park district had been approved, taxes on a home with an assessed valuation of \$10,000 would have increased about \$32 a year. That would be a home worth about 30,000.

SINCE THE REFERENDUM for the park district was defeated, the votes weren't tabulated for the eight persons who took out petitions to serve as commissioners of the district.

Most of them already are members of the village park commission and will retain their positions with that group.

The park district was defeated by about 3-1 by village voters and about 15-1 by township voters.

SUE KOPPA, VILLAGE parks and recreation coordinator, was quoted in the Waukegan News-Sun as saying:

"We were creamed - we were annihilated."

"We feel terrible about it, but we'll forge ahead anyway," she said. Township, village and recreation officials are expected to meet tonight to discuss the future

of recreation programs in the village.

Mrs. Koppa ruled out the possibility of another referendum, but increased fees for recreation programs in the village is a possibility, she said.

The referendum was defeated by a vote of 496-142 at the Antioch Scout House precinct, which included the village of Antioch and parts of unincorporated Antioch Township. In precinct 2 (Emmons School), which included township residents west of the Soo Line railroad tracks, the measure was defeated 652-43.

"OUR PARK PROGRAM now services the village, the township and surrounding area, and is now totally funded by the village," Mrs. Koppa had said earlier. "We are now to the point where we must eliminate persons, other than village residents, for programming due to inadequate space and staffing."

"As an area park district, more money would be available to expand present programs," she added.

Mrs. Koppa pointed out that a park district was needed in order for the community to become eligible for certain federal funds.

It has never been determined whether the early bird enjoys the worm as much as the late bird enjoys the extra sleep.

## Post Office to hire substitutes

The Antioch Post Office is accepting applications for rural delivery substitutes.

The applications for tests will be accepted for an indefinite time, according to Mary Chase, officer-in-charge.

"The applications are available at our post office," she said, "so the hiring procedure can begin right here in Antioch. There may be seven openings this year so there is a good chance of qualified persons getting jobs with the postal service."

## Kindergarten registration

Children must be 5 years old on or before Dec. 1, 1978.

## Vehicles roll over, 2 hurt

Lake County sheriff's police said that Thomas R. Dye, 18, of Deep Lake Road, Antioch, was injured Saturday when his car rolled over on Deep Lake Road, south of Rte. 173, east of Antioch.

Dye said he swerved to avoid a dog that ran in front of his car and went off on the road, deputies said. He was treated at Victory Memorial Hospital.

Gary R. Selby, 29, of Zion, was injured Sunday when his van rolled over after he lost control of the vehicle while rounding a curve on North Ave., east of Deep Lake Road and east of Antioch. He also was taken to Victory Memorial Hospital for treatment.

WITH A LITTLE MORE than two months remaining before Antioch's July 2 sawmill dedication, work continues. Under the direction of Dick Stroner and Walt Shepard, excavators last Saturday dug a pond adjacent to the mill along Sequoit Creek.

## Sanitary sewer 'smoke testing' begins on May 8

Sanitary sewer smoke testing will soon be conducted in portions of the village of Antioch.

The smoke used is a white, non-toxic smoke which will not leave an odor or residue if it enters your building.

During testing, smoke may be observed coming from the vent pipe of the building, usually located on the roof. This is a natural occurrence of the testing and should not cause any concern.

As a precaution against smoke entering your building, pour a pail of water down each drain which is not used regularly. This will fill the plumbing trap, if present, and block the smoke.

The testing is being performed by Donohue & Associates, Inc. for the village of Antioch as part of a federally-funded sewer system evaluation survey.

The testing will begin on Monday, May 8, and will be completed on or before May 11.

## RV's and trail bikes

**stopped at State Park**

Department of Conservation police officers are cracking down on "illegal use of off-road vehicles" at Illinois Beach State Park.

Seven Chicago area persons were arrested there Sunday.

THE ARRESTS CAME only after warnings had been issued during the past three weekends by conservation police to dirt bikers and four-wheel drive vehicle users to stay out of the park.

Conservation Police Officer David Cunningham said all those arrested posted \$35 bond after being charged with driving a motor vehicle off the roadway in a restricted area.

The area abused by off-road vehicle users is an undeveloped section of the park that is not yet open to the general public. The undeveloped area has been acquired by the state during the past five years for the purpose of extending the park's shoreline to the Wisconsin border.

OFF-ROAD VEHICLES have been particularly detrimental to efforts to revegetate an area where 280 homes once stood, said site superintendent Robert Needham.

"We want it back in its natural state. These RV's and trail bikes tear everything up," Needham said. "Not only that but they (bike and RV users) dump garbage all over the place."

## Emmons holds kindergarten registration

Kindergarten registration for Emmons Grade School, District No. 33, is being held in the central office this week from 9 a.m. to 3 p.m.

Proof of birth date, either birth, baptismal or hospital certificate must be presented.

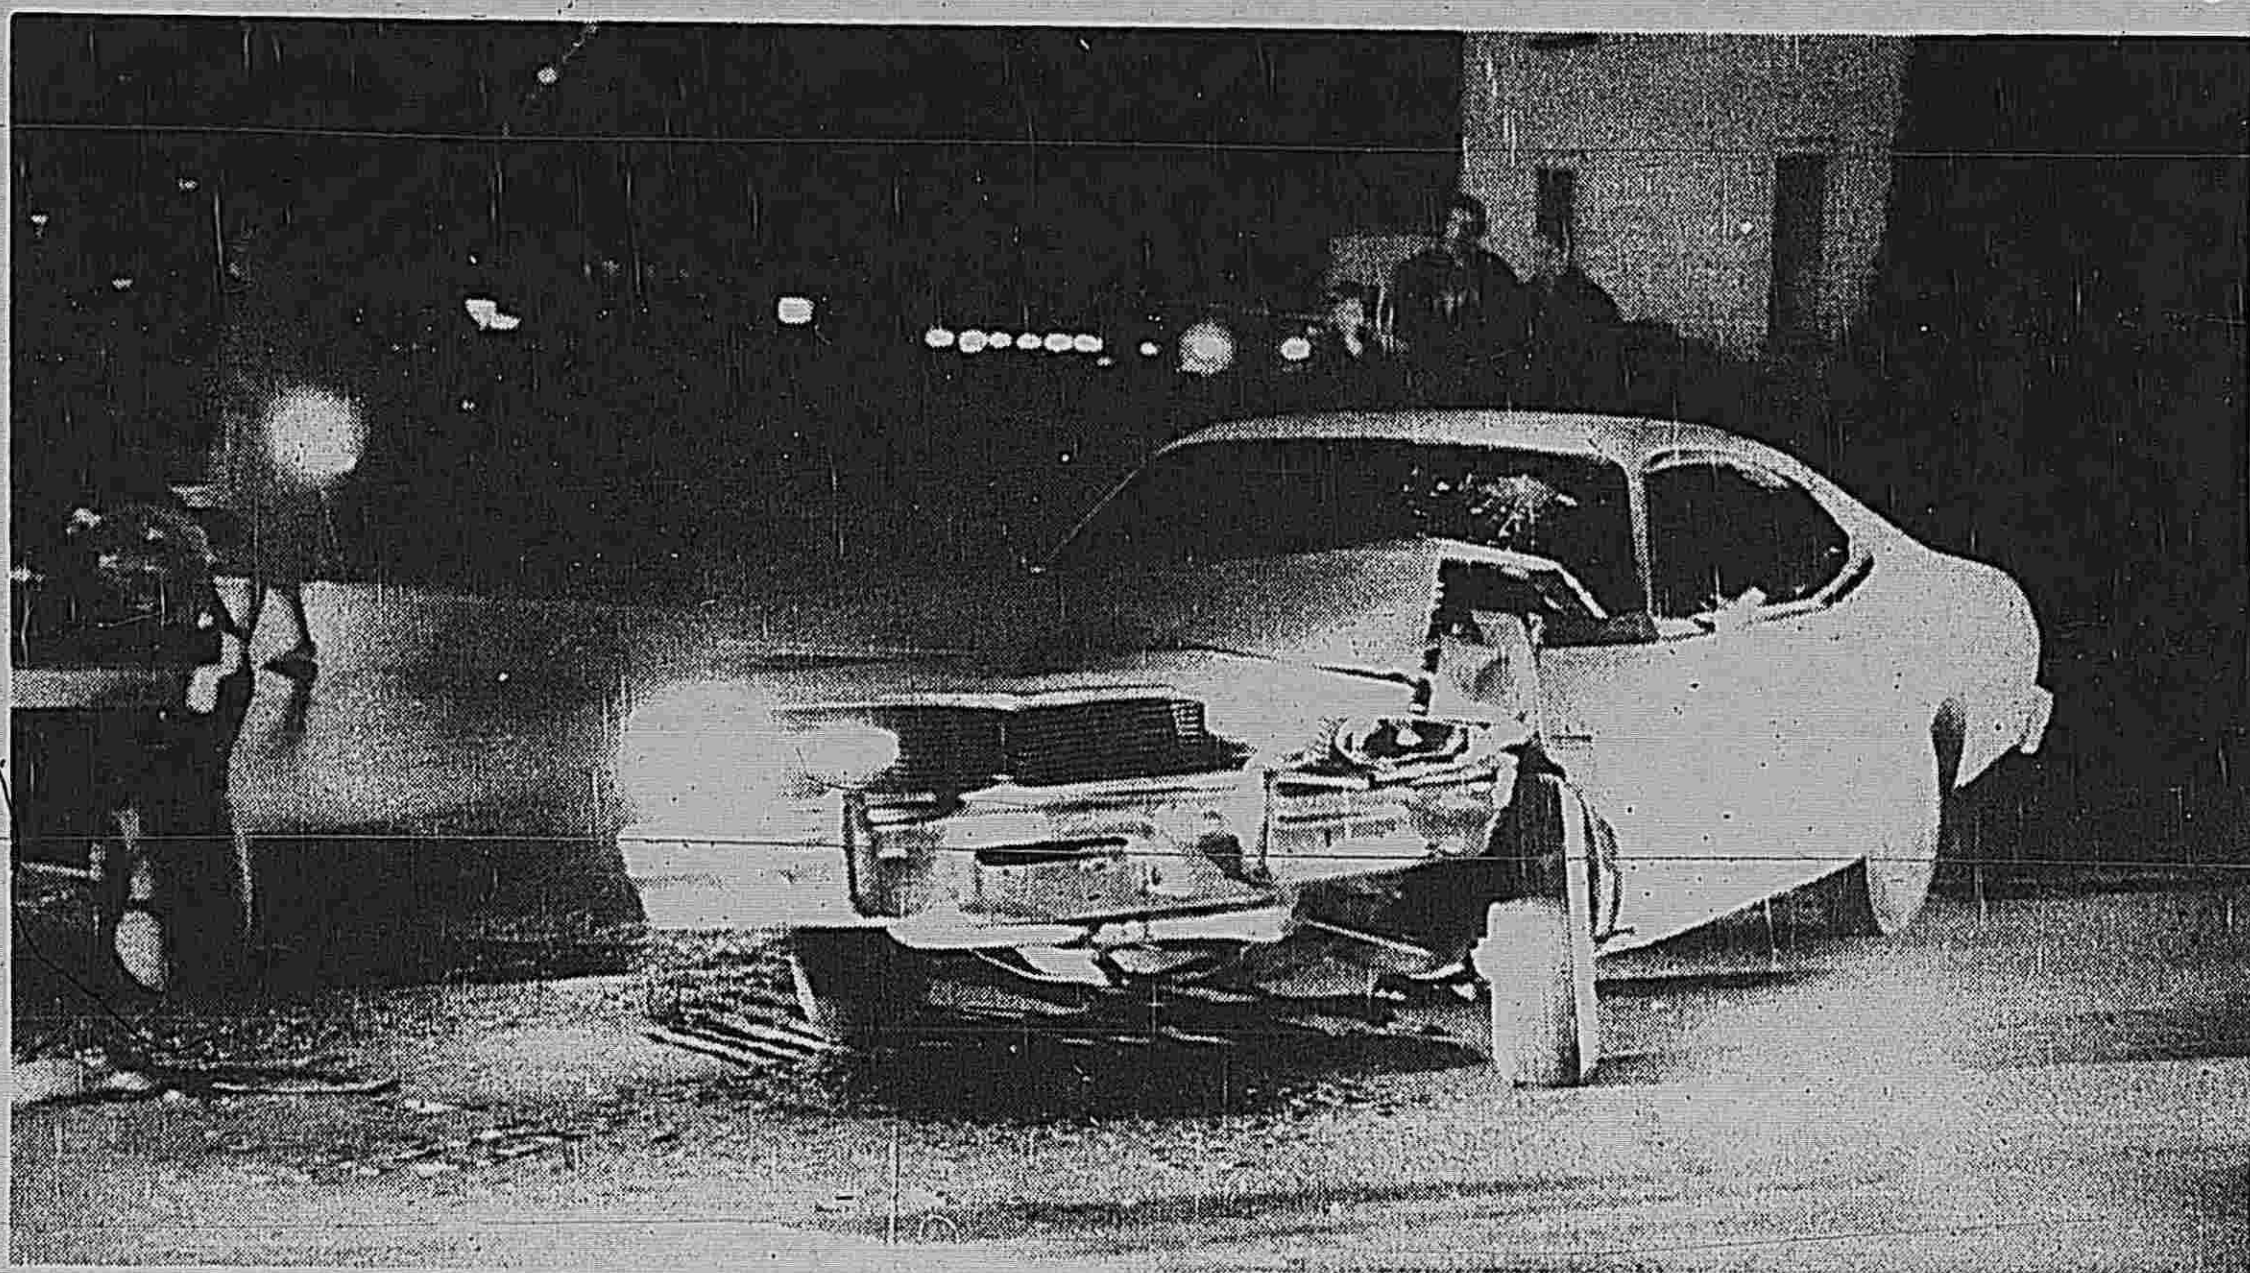

Children must be 5 years of age on or before Dec. 1, 1978. Milk and book fees will be assessed and paid at the start of the 1978-79 school year.

## Engagement announced

Mr. and Mrs. Ira Larson of Avoca, Wis. have announced the engagement of their daughter, Lois Christine, to Harold W. Walsh, son of Mr. and Mrs. Harold Walsh Sr., Cross Lake, Antioch.

Lois, a graduate of UW-Whitewater, works for Allis-Chalmers Corp. in Milwaukee and Harold, a graduate of Marquette University, is employed as an operations auditor for Rexnord Mfg. in Milwaukee.

A June wedding at St. John's Lutheran Church, Johnson Creek, Wis., is planned by the young couple.

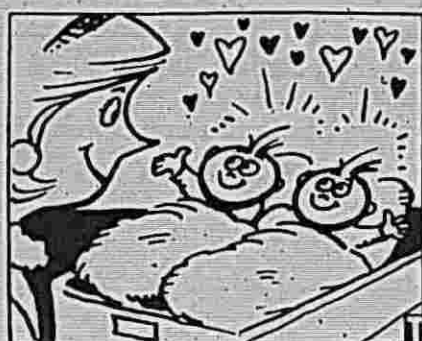

**TWO HURT IN COLLISION** - Two drivers were injured and taken to a Waukegan hospital for treatment after their cars collided on Hy. 83 at 1221 Main St. They were Douglas Burke of Lake Villa and Paul Gustafson of Fox Lake. Police said one of the cars was traveling on the highway and

the other was pulling out of an apartment building parking lot. No citations were issued. The accident happened at 8:12 p.m. last Friday. (Photo by Andy Dugenske.)

## What Are The Odds?

The odds for any particular woman to give birth to twins at any particular time are 1 in 87.

The odds against a bridge player being dealt a hand containing six cards of one suit, four of another, two of a third and one of a fourth are about 20 to 1.

Fathers are people who give their daughters away to other men who aren't nearly good enough so they can have grandchildren who are smarter than anybody's.

## The Time Machine

70 YEARS AGO: APRIL 30, 1908

Sunday was the eighty-ninth anniversary of the beginning of Odd Fellowship in America, but the Antioch Lodge did not have any special observation of the occasion.

Although he had a considerable amount of money, hidden away in boxes, etc. although he held considerable stock in a coffee plantation; although he tried to tell his relatives about his financial investments when the death call was imminent, P.S. Williams died Wednesday morning without having been able to reveal to his wife and three children where his money and stocks are therefore they are perhaps left almost penniless.

Chas Webb, Gauger Bros. & Co., Tiffany & Felter, B.F. Van Patten & Son, John Engman, and Chas. Powles, are having the front of their respective places of business adorned with new awnings this week.

Mr. Spafford, the piano tuner of Antioch, transacted business in Grayslake Tuesday.

Mr. Louie Garwood of Antioch, accompanied by his lady friend, visited with his parents Sunday.

40 YEARS AGO: APRIL 28, 1938

Friday, April 29th, is the day. The Kenosha Theatre is the place and the occasion is none other than the first presentation for Kenosha theatre goers of one of Major Bowes' Original radio units, The Jamboree of 1938.

A new five and ten cent store will open its doors in Antioch this Saturday morning in the Masonic building at 883 Main street, the room formerly occupied by the Farmers' Exchange. The owner and proprietor of the new business is Herman Holbek.

Grocery store ad - Perserves 2-lb. jar 29c; Oleo 10c a lb.; brown sugar 5 lbs. 25c; Salmon 2 1-lb. cans for 25c; Asparagus 2 lbs. for 19c; Apples - fancy - 4 lbs. for 19c; Cabbage 3 lbs. for 11c.

20 YEARS AGO: APRIL 24, 1958

The new Lions Club at Lake Villa will start its first money making venture in a door-to-door sale of brooms, starting Saturday.

Installation of the Antioch fire department's new \$6,000 radio alarm system will start next Tuesday, fire Chief Edgar Simonsen announced yesterday.

Antioch firemen made final plans for the annual Lake County firemen's convention here on May 24 at their meeting Tuesday evening. They plan to be the perfect hosts to 25 companies who will bring their fire fighting equipment for a big parade after which they will take part in the hose laying contests and water battles.

The class of 1933 of the Antioch Township High School will hold its twenty-fifth class reunion in the near future. William Brook, Wilma Gibbs, Harold Nelson and Bernice Clark ask the co-operation of any who know the addresses of Carl Haase, Grace Jacobs, Spiro Kashevas, Edward Maly, LaVerne Boyle, John Edwards, Donald Snyder, William Waters and Vernie Lindberg.

10 YEARS AGO: APRIL 25, 1968

Hospitalman Henry Richard Magee, USN received the nations third highest citation, the Silver Star Medal, in ceremonies last week at Great Lakes Naval Hospital. Magee married Patricia Heath of Antioch, daughter of Mr. and Mrs. Marvin Heath on Nov. 12, 1966. They have one son, Ricky age 7 months and are now living on the north shore of Loon Lake.

Mayor Ray Toft announced that the Water Tower leak has been repaired and the tower is back in service again. Painting will be done at a later date.

The excitement is mounting over this Saturday's 3rd annual Mental Health Cotillion. There are still some tickets left. Why not try and make it. Shirley Stanich & Gloria Patrovsky were interviewed on WKRS last Monday to help promote this worthwhile cause.

Antioch's second appearance on "It's Academic" can be seen this Saturday, April 27, at 5 p.m. on Channel 5. Roger Koyaciny, Linda Grego and Tony Haber are on the Antioch team. They will appear in a play-off with New Trier and Palatine.

## Antioch optometrist honored nationally

The Illinois Optometric Association has placed Dr. Albert Bucar's name in nomination for American Optometric Association trustee.

"I feel that with Dr. Bucar's wide and varied experience in various organizational activities, coupled with his optometric background, he will make an outstanding AOA trustee," said Dr. James Stafford, president of the Illinois association.

Dr. Bucar, of Antioch, has served IOA as president and in 1970 was named "Optometrist of the Year." He organized and served as president of Illinois Vision Services.

He has served the American Optometric Association as chairman of the public health and optometric care committee, and as a member of the executive committee of the community health division.

He also has served as vice chairman of the Lake County Comprehensive Health Planning agency and was vice chairman of the Lake County Mental Health Society.

Dr. Bucar served for 10 years on the Antioch High School board of education and is a member of the board of the State Bank of Antioch. He is a past president of the Antioch Lions Club.

## Democrats honor Hub Stern Friday

Former Lake County Democratic Party chairman Herbert L. "Hub" Stern will receive one of the bricks recovered from the recently razed Plaza Hotel, which housed the Democratic Headquarters for many years.

The presentation will be made at the Hub Stern testimonial to be held Friday night at the Ramada Inn in Highwood.

Dinner co-chairman Jim Lumber said: "We thought that as long as Hub Stern spent 10 years in that downstairs, it would be a fitting memento of his years of service to present him with an actual physical reminder of his stewardship."

New county chairman, John Matijevich, who went

through the rubble as the crane was demolishing the Waukegan landmark, said, "The brick is kind of battered, but we thought that it really is symbolic of the struggle that represents the Democratic Party in Lake County, and Hub's efforts in behalf of the Party which led it from total obscurity."

He said that Lumber and co-chairman Ron Orner have hinted there may be some other "surprise" presentations, which should make the evening both entertaining and worthwhile.

The Hub Stern testimonial is the annual dinner fund-raiser to help the Lake County Democratic central committee.

## CLC plans telephone registration

Registration for summer classes at the College of Lake County will resume with telephone registration Monday through Thursday, May 1 to May 11. Summer classes begin June 5.

Any district resident who has an admission application on file can take advantage of the phone registration to register for credit classes.

Persons planning to enroll for credit-free community education activities are not required to formally apply for admission to the college but will be required to report personal identification information at the time of registration.

Because the number of calls that can be processed at one time is limited, a telephone schedule based on the last digit of social security numbers will be used. The telephone schedule appears in the class schedule which has been mailed to Lake County residents.

For telephone registration, the special number to call is 223-1111. Additional information about registration or admission procedures can be obtained by calling the college's admission office at 223-6601, ext. 300.

Only a portion of the unemployed are out to find employment.

HAPPY "SECRETARY WEEK" to all you slaves out there. We know how hard you're working and hope your bosses give you at least two hours for lunch on Friday.

Last week we noticed this sign in the office of one firm's secretaries:

"Our Working Schedule: Starting Time, 8 a.m.; Morning Coffee Break, 9 to 11:30 a.m.; Lunch Hour, 11:30 a.m. to 1:30 p.m.; Afternoon Coffee Break, 2 to 4:30 p.m.; Quitting Hour: 5 p.m."

By the way, Antioch's Rotary Club members will take

their secretaries to lunch at the Brave Bull Thursday, 12 noon to 1:30 p.m. ... at least.

LITTLE TIMOTHY IRVING was born Apr. 2, prematurely, at Victory Memorial Hospital and -- we're happy to report -- he's home now with his mom and dad, Tom and Jenny Irving of Waukegan.

Timothy, whose grandmother is Jean Irving of the Antioch post office, spent three weeks in three different hospitals. "Grandma Jean" says he is still very small, but is doing well. His big brother Danny, 2, is as happy as anybody to have Timothy home at last. Timothy weighed 5 lb. 10 oz. at birth.

Friday and it was "broadcast" on the "marquee" at the State Bank of Antioch. Marilyn responded with a letter to Bill Brook, president of the bank, saying that she hoped if he and Mayor Mike Haley ever buy a television station they won't feature her birthday if, and when, she ever becomes 50.

## HAPPENINGS in and around our community

THE EMMONS SCHOOL Parent-Teachers Organization presents its annual fashion show Thursday evening at Andre's Steak House in Richmond.

The theme is "April Showers," very appropriate considering the weather we've been having.

After the cocktail hour, at 6 p.m., and the prime rib dinner at 7, BJ's Fashions for Men, Barnstables, the Left Bank and Sears of Hawthorn will show off the latest spring fashions with the help of these models:

Wendy Meyers, Matt McPhee, Drew Hansen, Kenna Haas, Troy Crippen, Linda Sexton, Wendy Sampolinski, Patty Muller, Karla Bolton, Gail Plechaty and Bob Altman.

Also, Tim Miller, Dee Baum, Joan Baurer, Judy Tague, Bev Kramer, Carolyn Van Patten, Ann Kaiser, Sherry Plechaty, Sue Schneider, Jan Ozarki, Kathy Barber, Judy Morrison and Jeannie Lindgren.

Plus, Tammy Splayt, Scott Clark, Larry Hansen, Steve Baczski, Ray Scarpelli, Tom Robinson, Harry Lindgren, Frank Johnson and Sam Barnes.

Courtesy of Lasco's Florist, the ramp will be decorated with beautiful plants. Antioch Travel Agency will be handling the trip to the MGM Grand Hotel at Las Vegas. During the intermission there will be many prizes, donated by local merchants.

Hope you have your ticket to an evening of fun and excitement.

GOSH, THE OLDER I get the faster the years fly past. It's hard to believe, but little Christa Badame will be one-year-old already, on Sunday, Apr. 30.

I sure goofed last week when I forgot to mention that Irv Walsh had a birthday on Monday, Apr. 24. I'm two days late, but hope it was a happy one, Irv.

Joan and George Vistain celebrated their wedding anniversary yesterday, the 25th. Congrats, you two!

How appropriate that George and Joan won a trip to Las Vegas at the Jaycees' annual Las Vegas Night last Saturday.

NEXT MONDAY, THE FIRST of May, is Chris Jackson's birthday. Chris, of Woodland Realty, is the super fisherwoman who caught a blue shark while honeymooning in Florida with her husband, Don, of the Antioch Savings and Loan.

"THE GOOD SHIP LOLLIPOP" became a year older last Sunday, and so did Shirley Temple Black. Can you believe it? Little Shirley is 50 years old.

We were informed at the Village hall that Mickey Mouse also is 50 this year.

Shirley Temple's 50th birthday, naturally, was featured on television.

Mark your calendar now - this Saturday Bill Dean will be appearing at The Country House (Rt. 173, just west of Rt. 59).

Florence Markwart says Bill's piano playing is fantastic and feels sure his many friends in Lake County will be there to greet him.

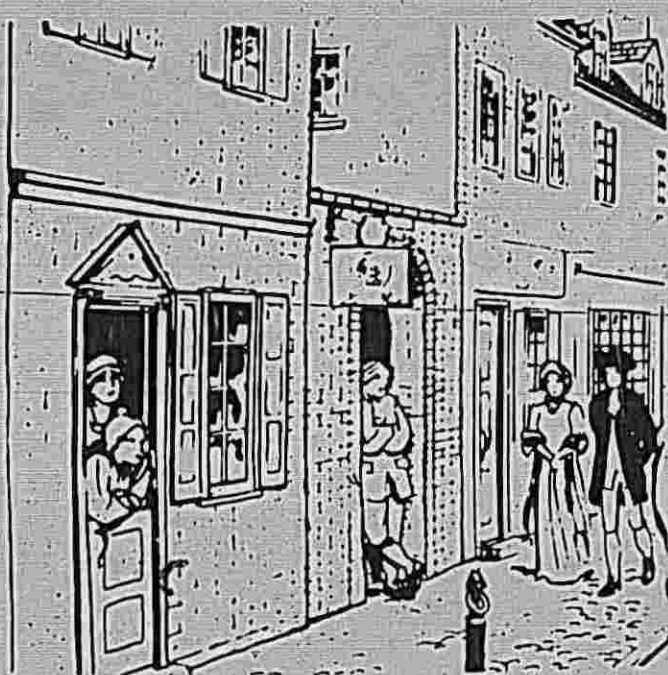

The last time he appeared in Antioch was 13 years ago but hopefully he won't stay away that long again.

SAW CATHY HALEY the other day. She sure looks great and seems to be getting around with her crutches without any problem. Cathy fell and broke her hip shortly after Christmas.

It'll be a few more months before she'll be back in full swing, but she's on her way.

WEASEL'S HAS BEEN serving the Antioch community the past 20 years and will continue to offer great food and service in their newly-remodeled dining room.

Joe and Carol Badame, hosts at Weasels, specialize in Italian and American cuisine. The attractive cocktail lounge allows casual dining in an authentic Old World

atmosphere.

The setting is relaxing and the food enjoyable ... besides I love the leaded glass windows.

NATIONAL SECRETARIES' DAY happens to be today (Wednesday). Being a former secretary myself, I'm aware of the knowledge and workload most offices require.

We are featuring a special tribute to many talented office workers, but hats off to all Gal Fridays. Without you most offices would be in constant turmoil.

### THE HEKMAN STORY

The Hekman story is the story of more than a half century of dedication to the fine art of furniture-making. From the very first, quality, design, and construction has been our prime consideration. Hekman tables will last a lifetime of normal use, and products which bear the Hekman name are second to none in style, finish and design. For over fifty years, first in Michigan and later in North Carolina as well, Hekman craftsmanship has typified the fine tradition of Grand Rapids furniture. In all Hekman furniture, superb quality goes hand in hand with elegance.

# Las Vegas Night: fun and big prizes

More than 500 persons packed St. Peter's social center last Saturday night for the Antioch Jaycees' third annual Las Vegas Night.

Those attending played games of chance, each starting with \$5,000 in play money. The Jaycees gave away about 150 prizes, donated by local merchants.

**THE TOP PRIZE**, a trip to Las Vegas, was won by George Vistain.

Mary Lou Slazes of Lake Villa won a holiday weekend for two at a Wisconsin resort. Woodland Realty donated the prize.

**OTHER BIG WINNERS** were Gordon White, a Round Lake Jaycee, who won a color television set, and Mike Sexton, owner of Antioch Auto Parts, who took home a stereo combination donated by Teresi Chevrolet.

Bill Groeninger, chairman of the event for the Antioch Jaycees, said:

"We were very pleased with the turnout and really thank the people who donated all the prizes. The event was a total success."

We've already started plans for next year to make it even larger.

## THE TOWN CRIER

I was just reminded of a magazine article I read a couple of years ago, in Reader's Digest or a similar publication.

It's such a good story I must share it with you. The author was telling about the day his small son asked:

"Daddy, what's sex?"

He was fumbling around, trying to explain it away, when the little boy asked:

"Is sex good, dad?"

"Yes, it is good," the man allowed.

"Is it better than an eskimo pie?"

"Son, it's better than 100 eskimo pies."

His wife smiled warmly and interrupted, "You know, that's the nicest thing you ever said about me."

Then the little boy shook his head:

"Daddy, if it's better than 100 eskimo pies I don't think I could stand it."

Rodney Dangerfield, the comic, would probably like cats. They get no respect either.

It's difficult to imagine any animal that could be more popular, yet at the same time more maligned and misunderstood than the cat. There are only two kinds of people in the world: cat owners and cat haters.

FELINE HISTORY is as contradictory as Morris the Cat is contrary. Cats were revered by the ancient Egyptians and mummified with their owners (admittedly a dubious honor), yet were burned as demons during the Middle Ages. That latter bit of abuse did not go unavenged, of course. Being rather dead, cats didn't make much of an effort to catch the rats that carried the black death to cat haters and other civilized Europeans.

In our enlightened modern era, cats have played the gangsterish heavies to insufferably cute mice on countless Saturday morning cartoons. Our vocabulary isn't exactly flattering to felines, either. Consider the connotations of catty, catcall, cat house and caterwaul, not to mention cat burglar and cat-o'-nine-tails. And don't ever let your spouse catch you catting around town.

YET, DESPITE the bad press, cats are second only to dogs in popularity as pets. They are especially popular in the city, being relatively trouble-free ornaments for apartments and also easy to conceal from landlords, who are cat haters as a class.

No one really owns a cat, of course. Farm cats stay on only as long as there are mice and birds to harvest, then move on down the road like migrant peach pickers.

The house cat merely shares a sort of reverse relationship with its "owner," in which the human supplies a daily dish of foul-smelling food in exchange for whatever affection the cat grudgingly surrenders. From the cat's point of view, there are no strings attached.

Cat owners (for want of a better term) will have a chance to learn what has been accomplished in recent feline research during the Animal Health Conference June 11 at the Hyatt Regency O'Hare.

In addition to a day-long seminar on cat health, the meeting will feature seminars for owners of dogs, horses and caged birds.

AT THE FELINE SEMINAR, Edward A. Hoover, a veterinarian from Ohio State University, will talk about rhinotracheitis and calicivirus infection, as well as two other recently identified cat killers, leukemia and feline infectious peritonitis. The latter two diseases were not discovered by researchers until the mid 1960s, although quite a few unfortunate cats found out about them earlier.

Dr. Michale Lorenz, a University of Georgia veterinarian, will talk about emergency care for sick or injured cats. An injured, panic-stricken cat is about as much fun to handle as the business end of a chain saw. Perhaps you have learned this yourself, the hard way.

## Woman's Club plans several events in May

By FLORENCE PEDERSEN

Joan Larson of Antioch presented a very interesting slide tour of Winterthur, the museum of American Decorative Arts from 1640 to 1840, near Wilmington, Delaware, at last week's meeting of the Antioch Woman's Club.

Joan's slides showed many of the rooms of antique furniture, paintings by American artists, and the lovely gardens surrounding the museum.

Special guest speaker, Sue Koppa, village parks and recreation coordinator, explained to members and guests the advantages of creating a park district combining the village and township.

Members on the committee included Janice Hagstrom, Anne Feiler, Jan Ranney, Irene Clemens, Millie Gaston, Joan Larson, Louise Vos and Caroline Costoff.

THE CLOSING LUNCHEON on May 1 will be held at 12 noon at Crescent Bay Landing (Sasha's) in Johnsburg. Reservations must be made by Friday, Apr. 28, by calling Florence Ruck, 395-2476, or Barbara Kufalk, 395-0250.

New members welcomed into the club were Mrs. Marshall (Lorraine) Miller and Mrs. James (Alvira) Morgan.

A book has been donated to the Antioch library in memory of Vera Horton.

MEMBERS OF THE CLUB will help with the TB X-ray unit in Antioch on May 18.

The Woman's Club will have a bake sale starting at 9 a.m. on May 20 at the State Bank of Antioch. An Afghan made by Jean Benes will be raffled. Proceeds will go to the sawmill project.

MODELS FOR THURSDAY night's Emmons School PTO fashion show at Andre's Steak House include Sue Schneider, wearing a dress from the Left Bank, and Larry Hansen, clad in a disco shirt and European style slacks from BJ's Fashions for Men. (See story in "Happenings" column.)

## GOP planning dinner-dance

The Antioch Township Republican Club will install its 1978-79 officers at a

dinner-dance Saturday, June 10, in the new banquet room at Antioch Bowl.

Gene Zannini, a spokesman for the club, said a prominent Republican will be the featured speaker.

Jim Fields and Jerry Murphy are co-chairmen of the event which begins at 6 p.m. with cocktails and dinner at 7:30.

Their committee includes Jim Olson and Hugo Holbek.

## Chamber offers Great America discount tickets

Marriott's Great America will be opening Saturday, May 6, for weekends through May 21.

Nancy M. Kinas, executive secretary of the Antioch Chamber of Commerce and Industry, said her group is again offering tickets at a discount to members and their families who visit the park between May 6 and July 14, or on fall weekends after Labor Day. The price of the tickets is \$7 each.

SAVINGS OF UP to \$2 per person are available through the program. The tickets can also be used between July 15 and Sept. 4, but are subject to a \$2 surcharge for adult tickets and a \$1 surcharge for children's tickets. (Tickets to be used expressly from July 15 to Sept. 4 will be available at a later date.)

"Great America will highlight several new attractions during its third fabulous season," Mrs. Kinas said. "Debating in the spring of 1978 will be the world's tallest roller coaster, the Tidal Wave; Fort Fun, a giant children's playland area, and 'Broadway,' a live show featuring the very best musical numbers to grace New York's 'Great White Way' the last 50 years."

Great America will be open weekends, 10 a.m. to 8 p.m., from May 6 through May 27; and daily, 10 a.m. to 10 p.m., from May 27 through Sept. 4. Then again on weekends, 10 a.m. to 8 p.m., from Sept. 9 through Oct. 15. The park is located in Gurnee.

Mrs. Kinas said:

"This program offers you the greatest possible savings at a time when you can most leisurely enjoy Great America. Buy your tickets now at the State Bank, First National Bank, Savings and Loan, and the Chamber office (880 Main St.) For further information call the chamber at 395-3381."

# PM&L cast earns applause from 'first-nighters'

Judging from the response of Saturday's audience of first-nighters, "Anything Goes," the current PM&L musical production, is just what we have been needing to get the spring season underway.

"Anything Goes" is, of course, an early Cole Porter hit. It features rousing song and dance numbers based on such popular tunes as "You're the Top," "Friendship," "It's Delovely," "I Get a Kick Out of You," and "Blow, Gabriel, Blow."

As Saturday's theatergoers proved, audiences still enjoy these numbers with immense enthusiasm.

DON BEVEROTH DIRECTS the PM&L production. The large and talented cast

features, in the principal roles, Doug Kondziolka as Billy, Tricia Schaefer as Reno, Frank DiMarco as "Public Enemy No. 13," Rosemary Scheske as Hope Harcourt, and Donna Lusch as Bonnie.

They, and the supporting singers, dancers, and actors, received well-earned ovations Saturday night.

Subsequent performances are set for Fridays and Saturdays, Apr. 28 and 29, and May 5 and 6.

All performances will be at the PM&L Theater, 877 Main St., in Antioch. Curtain time is 8:30 p.m.

Full houses are expected for most of the performances, so be sure to call 395-3055 to make reservations for the night you plan to see the show.

THIS HAPPY CAST made last Saturday a happy, opening, sell-out night for the Cole Porter musical "Anything Goes." The talented troupe will give two more performances this weekend, 8:30 p.m. Friday and Saturday at the PM&L Theatre in downtown Antioch.

## Woodcarving show here Saturday

The Chain O'Lakes Woodchippers have completed plans for their woodcarving show Saturday, from 12 noon to 5 p.m., in the community room of the First Bank of Antioch.

Admission is free.

Pat Kuper and Al Dittman are donating two carvings to be awarded as prizes. Some woodcarvers will be selling items to the public. The following Antioch woodcarvers will be exhibiting: Lee Koenig, Sue Glenn, Dittman, Carolyn Korando, Dick Miller, Heinz Jaeger and Tom Steger.

Other carvers are coming from Barrington, Chicago, DesPlaines, Fox Lake, Galesburg, Ingleside, Kenosha, McHenry, Round Lake, Skokie, Waukegan, West Chicago, Wildwood and Zion.

Club members assisting with the show are Grover Mears, Carl Thomson, Shirley Drucker, Dr. Robert Prawdzik, John Walko and Robert Vallumstad.

## St. Peter's club in 'Birthday Month'

By BETTY HOPE

May is "Happy Birthday month" for St. Peter's Women's Club.

On Tuesday, May 2, at 7:30 p.m. the women will assemble in the church for a special liturgy honoring the Blessed Virgin Mary.

The regular meeting will be held in Fr. Frawley Hall following the liturgy and members will be seated at specially decorated tables according to the month of their birthday.

Surprises will be in store for those attending, and the highlight of the evening will be a wine-tasting demonstration by Kevin Kelly of Foremost Liquors.

PLANS ARE ALSO being completed for the June non-installation dinner. There is no election this year because the officers last year were elected to two-year terms. However, because the members look forward to

going out to dinner in June, it was decided this year will be no exception.

The event will be held on Tuesday, June 6, at The Country House restaurant.

At the May 2 meeting, members can put in their reservations for the non-installation dinner.

## Band, choral concert at CLC

The College of Lake County music department will present a "free-to-the-public" band and choral concert Sunday at 3 p.m. in the Orange Court of the main campus building.

The CLC wind ensemble, directed by Bruce Mack, will present a variety of classical and popular music.

"Look To This Day," a work for mixed choir by Norman Luboff, will be presented by the College of Lake County community chorus and CLC Singers, directed by Warren Simpkins.

## European Tour Choir here Sunday

The Trinity College European Tour Choir will present a concert at 7 p.m. Sunday at the Antioch Evangelical Free Church.

This will be the choir's only United States concert before it leaves on its foreign tour. Trinity College of Deerfield, has a 46-member choir directed by Dr. Morris Faugerstrom.

Pastor Bernard Fosmark of the Free Church said the public is invited to attend Sunday's concert here, free of charge.

In May and June the Trinity College group will tour seven European countries plus Scandinavia.

## Its 'Super Secretaries'

Lynn O'Meara

Mary Pat Mors

What is Secretaries Week? Sponsored by the National Secretaries Association, the annual Secretaries Week is April 23-30. National Secretaries Day is today, the 26th.

Since 1952, the last full week in April has been designated Secretaries Week to bring recognition to secretaries for the vital role they play in business, industry, education, government and the professions. Its purpose is to inform the public of the secretary's contribution to the educational, professional and civic growth of the community. It also serves to remind secretaries of their responsibilities to their employers and to their profession.

## Your own backyard offers 'explorables'

Actually, the Great Outdoors starts right outside your door and for just that reason it is the most "explorable" place there is.

You can explore the insect world in your front lawn... the horticulture world in your flower garden... the meteorological world from your porch or terrace... the universe just by stepping outside and looking up.

Further afield from home there is the exploration of other cultures, other lifestyles, other geographical areas.

The best part of exploring the Great Outdoors is that it educates even as it pleases.

Consider the Grand Canyon in northern Arizona. From grade school youngster through grandparent, the Canyon offers a wealth of entertainment, eye-filling vistas, and education.

Consider the cities of Arizona. The wide-open spaces even in the inner cities are a dramatic contrast to

families who live in the tightness of the East Coast.

Vacations are meant to be relaxing and pleasurable. The very word itself originally meant "freedom," and in that context the time spent should be free of strain and schedules, whether it's a two-day weekend or a two-week stretch.

It is not necessary to travel to exotic places to explore. Take a look at the map of your own hometown area and seek out the dirt roads and country lanes. Pack a picnic lunch, travel slowly, use your five senses to understand the world about you.

You might find a sparkling stream that babbles only to you, a forest clearing where the birds sing to the sky, a stretch of lonely beach full of driftwood, or a small cove on the shoreline of a lake where only the fish swim.

So get off the beaten path... get away from the crowd... go out and explore.

# Sequoit tennis team is 6-0 in league

Three more conference victories were scored by Antioch High's tennis team, giving them a 6-0 record in the league.

Coach Ron Halpern's talented athletes defeated Lake Zurich, Warren and Jacobs by identical scores of 4-1, 4-1 and 4-1.

Last Saturday the Sequoits placed fifth in a tough eight-team tournament at Rockford Harlem. Palatine Fremd won with 30 points while Antioch, by scoring 19 points, beat out Niles West, Harlem and Freeport.

"THE ROCKFORD TOURNAMENT was a disappointment," Halpern said. "Our No. 2 doubles team of Tom Melhorn and Tom Surrock met Fremd's championship team in their match but lost by close scores. A win there would have given Antioch its first tournament championship since our tennis program began in 1975."

The coach said Dennis Korjenek played consistent tennis all last week, beating his

Lake Zurich foe 6-2, 6-1 and a tough rival, Bob Bode of Warren, 6-2, 6-4.

Against his opponent from Jacobs, Korjenek won easily, 6-0, 6-1.

AT ROCKFORD, Korjenek placed third in No. 1 singles. Keith Rezin also had a good week, beating his rivals from Lake Zurich, Warren and Jacobs. At Rockford, Rezin placed fourth in No. 2 singles competition.

ANTIOCH'S BEST DOUBLES team of Roger Korjenek and George Richter shut out its Lake Zurich rivals 6-0, 6-0 and triumphed over Warren. They lost a close duel to a tough pair from Jacobs and then took third in doubles at Rockford.

Today, Antioch is scheduled to play Dundee here. The Sequoits travel to North Chicago Friday.

The match against Dundee (5-0) will be a battle of two undefeated teams in the Northwest Suburban Conference.

## Sophomore tennis team really hot

Antioch High's sophomore tennis team really enjoyed last week.

First the future varsity players defeated a highly-regarded team from Warren 3-2. Antioch and Warren, now share the conference's North Division sophomore lead.

Antioch's sophs also beat Jacobs 5-0 and Lake Zurich 5-0. The team now has five wins in six outings and four of the victories have been shutouts.

In the sophomore tournament at Rockford Harlem, Jim Nikolai placed third in No. 1 singles for Antioch. Gary Manual was fourth in singles while Dan Rezin and Phil Herrear took second place in No. 1 doubles.

Antioch's team placed second at Harlem, behind

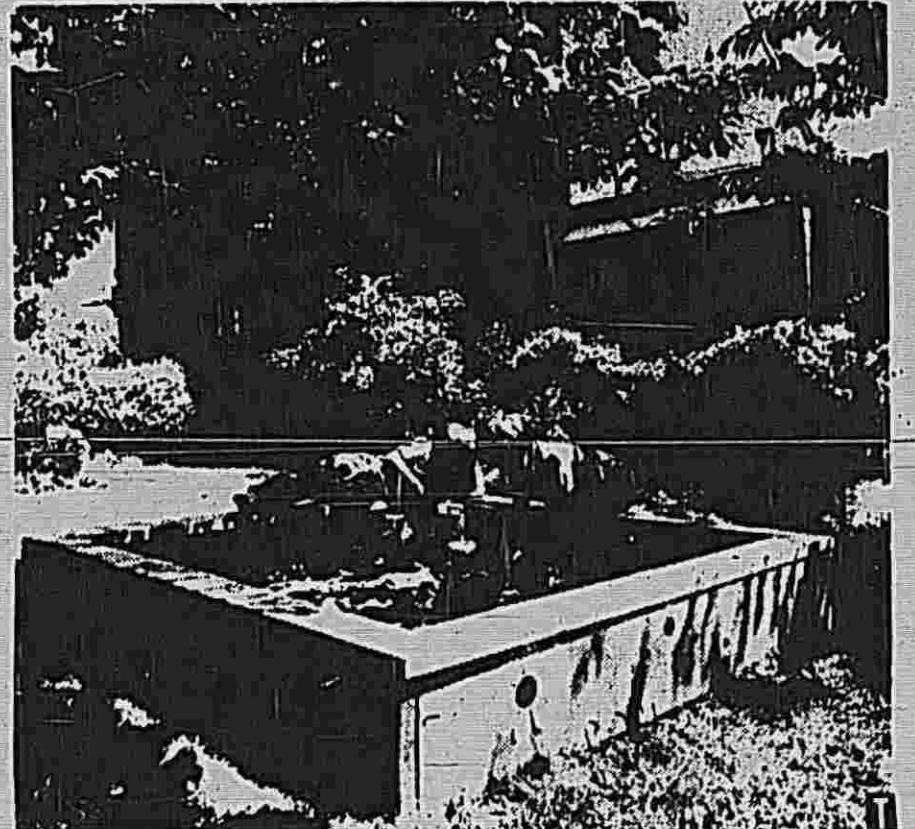

Niles West.

"The team is improving with each meet and is in

contention for the conference championship," said Coach Ron Halpern.

## OUTDOOR WOOD

Hints For Homeowners On Planning And Building CHILD-PLEASING PROJECT

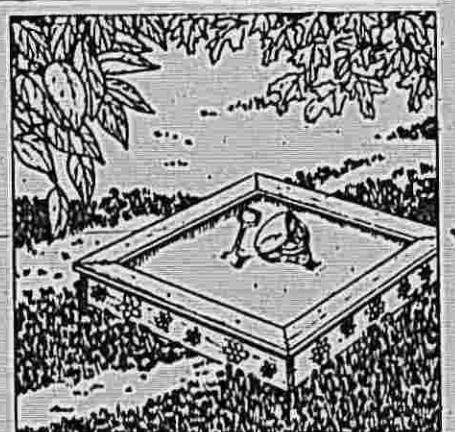

YOU CAN GIVE your children a sandbox you've built yourself.

Creating a pleasant play area for your children can be child's play—you can do it yourself in a weekend. It will give your youngsters hours of outdoor fun, and you'll know where they are.

A sandbox can be easily built from two 10-ft. 2 x 12's, two 10-ft. 2 x 6's, eight corner braces and a few nails and screws. First, make a square frame of the 2 x 12's. Then create a seating square with the 2 x 6's and nail it on top of the frame. Keep it all together with corner braces. No bottom is needed. Paint or decorate it to suit your infant's fancy or leave it natural to weather and age gracefully.

You won't have to worry about decay or insects affecting the wood if you use pressure-treated Outdoor™ brand wood. The lumber is impervious to attacks from termites and fungi. The chemical preservatives are

## Homan and Collins hot at Waukegan

The Antioch racing team of Tom Homan and Don Collins is off to one of its best starts.

In late model racing at Waukegan, Homan placed second last Saturday in the 25-lap feature event. John Provenzano of Glen Ellyn was the winner.

Homan's partner, Collins, posted the second fastest qualifying time and then took second to Provenzano in the trophy dash. Homan came back to place third in a heat race.

PROVENZANO, NICKNAMED "Little John," took the lead from Frank Dowell on lap five of the 25-lap main event.

The feature had trouble getting under way as a number of cars spun in turn two on the first lap. After a complete restart, the race went until lap nine when Neal Ostergaard and Dowell collided.

AT WILMOT SPEEDWAY, John Dost of Antioch had the fastest "late model sportsman" qualifying time last Saturday and then placed fourth in the 20-lap feature, won by Tom Barker of Caledonia, Wis.

## Sequoit '9' wins 2 at Round Lake

The Antioch High School baseball team improved its season record to 5-3 and its Northwest Conference record to 4-1 with a sweep over Round Lake's Panthers at Round Lake Saturday.

Round Lake took a 4-3 lead after one inning of the opener before the Sequoits came up with three more runs in the second and five in the seventh. The final score was 11-4. In the second game the Sequoits did all their scoring in the sixth inning to win 6-3.

Bill Dubek began the six-run winning rally with a one-out double.

After three singles, Chuck Gleason slammed a double for Antioch, driving in three runs.

SCOTT SCHROEDER and Dave Gutowski pitched Antioch to the 11-4 victory. Gleason whacked a triple and three Antioch players hit doubles: Dubek, Kenn Rosenbrock and Brad Masopust. Gutowski's pitching held Round Lake scoreless after the first inning.

In the second game, Rosenbrock pitched a five-hitter and helped himself with two doubles in his trips to the plate.

THE GAMES WERE BROADCAST by radio station WKRS, which presented Dubek with a trophy as the outstanding high school basketball player in the area during the recently-completed season.

Dubek responded by getting four hits in the doubleheader baseball game.

Among Antioch's pitchers, Gutowski and Rosenbrock now have 2-0 records and Schroeder is 1-1.

## Safety Tips For Push Mowers

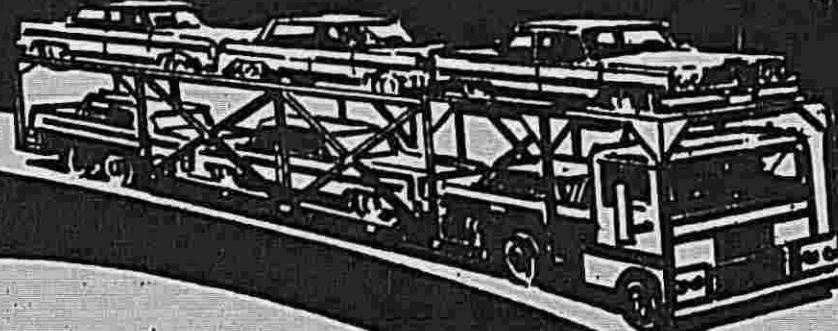

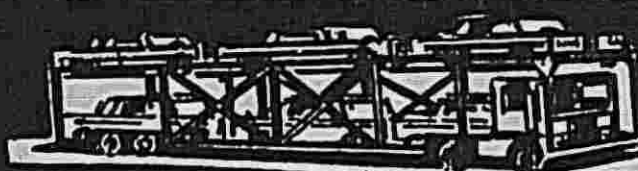

Mowing the lawn with efficiency and safety is in your power—if you use your power mower right. Here are some basic safety tips on using a push mower from experts at the Outdoor Power Equipment Institute.

**DON'T BE ALL WET**—Make sure grass is dry when you mow it.

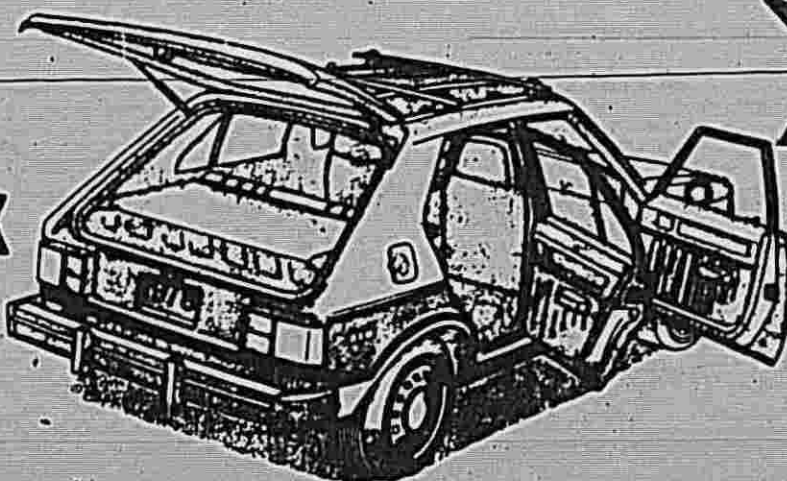

1. It's essential to read the owner's manual carefully before using the mower.
  2. Keep children and pets away from the mower area.
  3. Wear sturdy shoes and close-fitting slacks. Never operate the mower in bare feet or sandals.
  4. Never adjust or leave the machine without stopping the mower and disconnecting the spark plug.
  5. Don't mow wet grass. It can cause you to slip and lose control and blades and discharge chute to clog.
  6. Steer the push mower across slopes, never up and down. Always watch your footing, especially on slopes.
  7. Follow proper mowing patterns to avoid cutting the cord with an electric mower.
  8. Make sure to keep the mower flat on the ground to protect legs and feet. Never lift, tilt or pull it toward you.
- Follow these tips and you'll be mowing yourself to safety.

# Everyone, including Bears, enjoyed the game

More than 1,000 persons showed up at the Antioch High School gym last Friday to watch basketball entertainment between members of the Chicago Bears football team and about 20 Antioch businessmen.

The Chamber of Commerce sponsored the game and made a little money, but not much. The Bears were guaranteed \$1,800, plus there were other expenses.

However, the fans and members of both teams indicated they had an extremely enjoyable evening. The emphasis was on fun as much as on basketball.

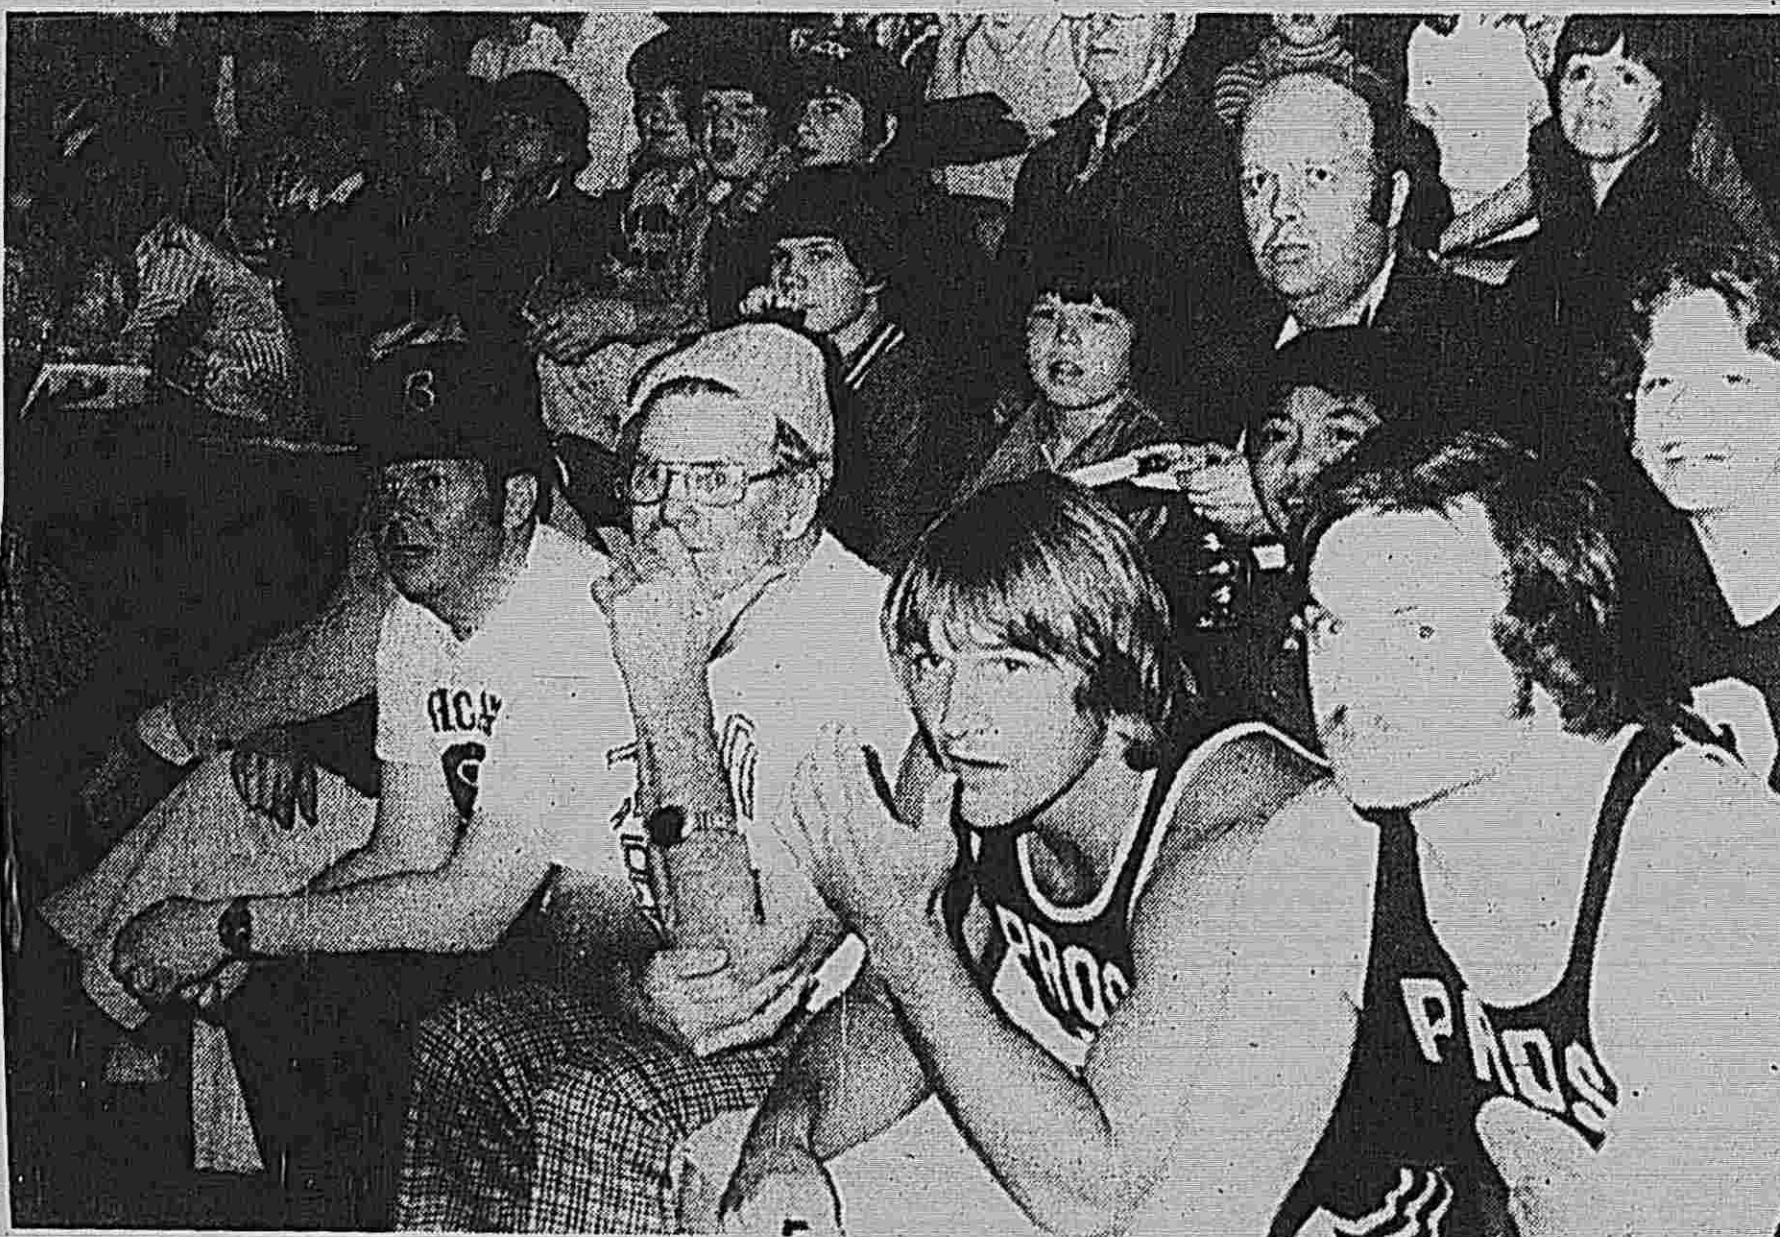

**ONE OF THE BEARS:** Jerry Muckensturm, said that when the football players perform in area gyms the opposition is usually too serious. The clowning that prevailed throughout the game here had the pros grinning from start to finish.

They even helped the Antioch team move out to a 16-point lead. At the end, however, the person operating the scoreboard suddenly had the lights blinking like crazy and managed to end the game in a 53-53 tie.

**JIM SWIATEK** was a Chicago Bears mascot as a boy, so he showed up for Friday night's game as one of the Bears' coaches. Antioch's cheerleaders didn't approve of this, so they dragged him over to the local bench, where they figured he belonged. At the right are two of Antioch's stars, Rod White and Bill Nauman.

**IT'S A GOOD THING** Mayor Mike Haley also is a member of the Antioch Rescue Squad. He was able to help big Jim Osborne of the Bears when the 250-pound defensive tackle made believe he was injured after scrapping for a rebound with Antioch's strong and athletic businessmen.

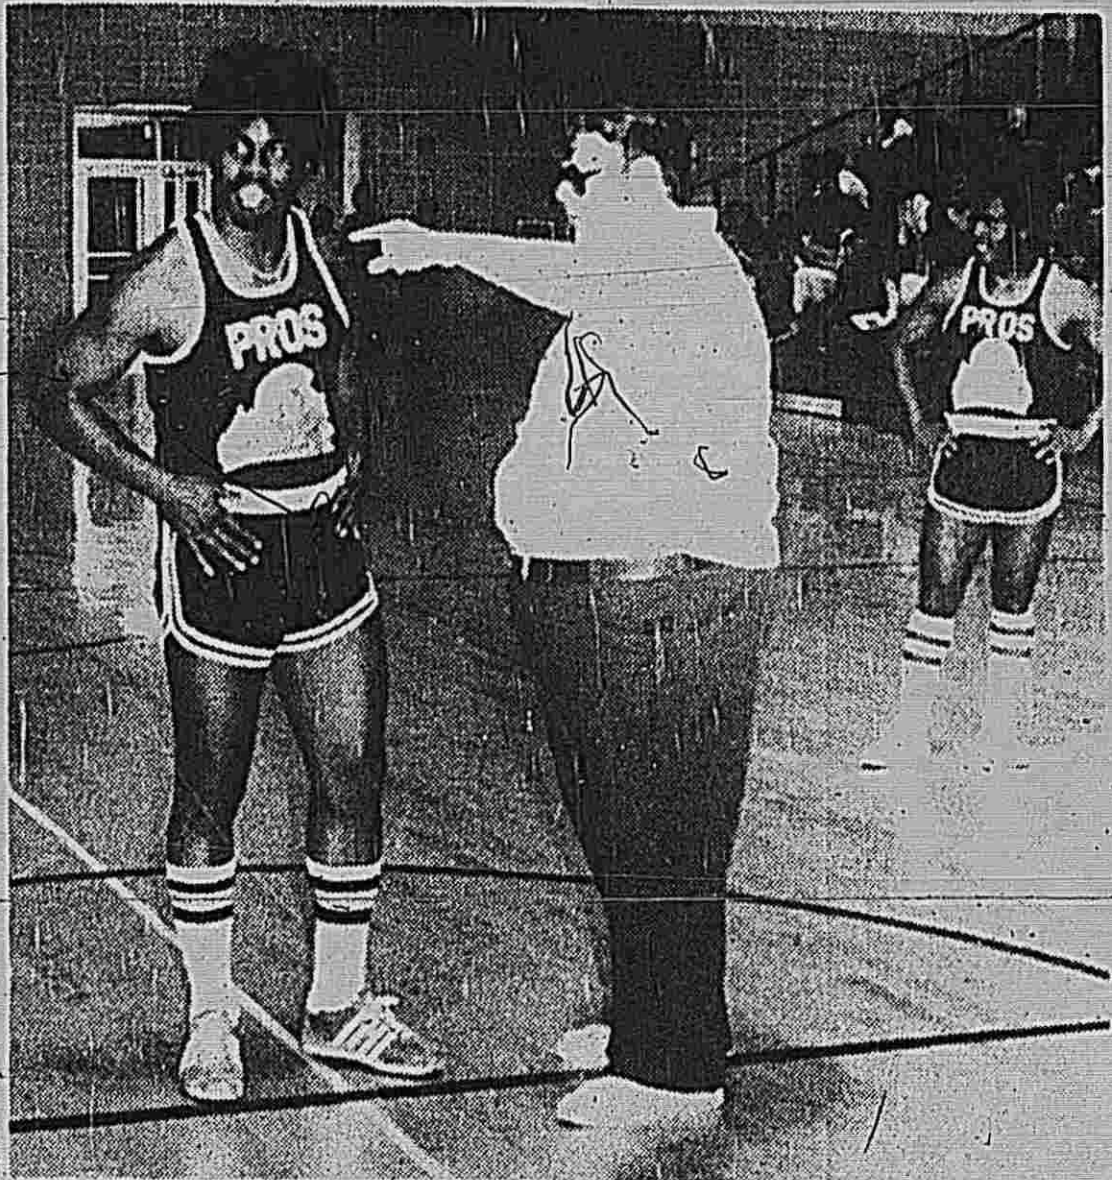

**WE DIDN'T REALIZE IT** at the time, but there must have been a tense moment during the basketball frolic. From left, on the Bears bench, coaches Jim Swiatek and Lee Ipsen, and players Doug Plank and Jerry Muckensturm.

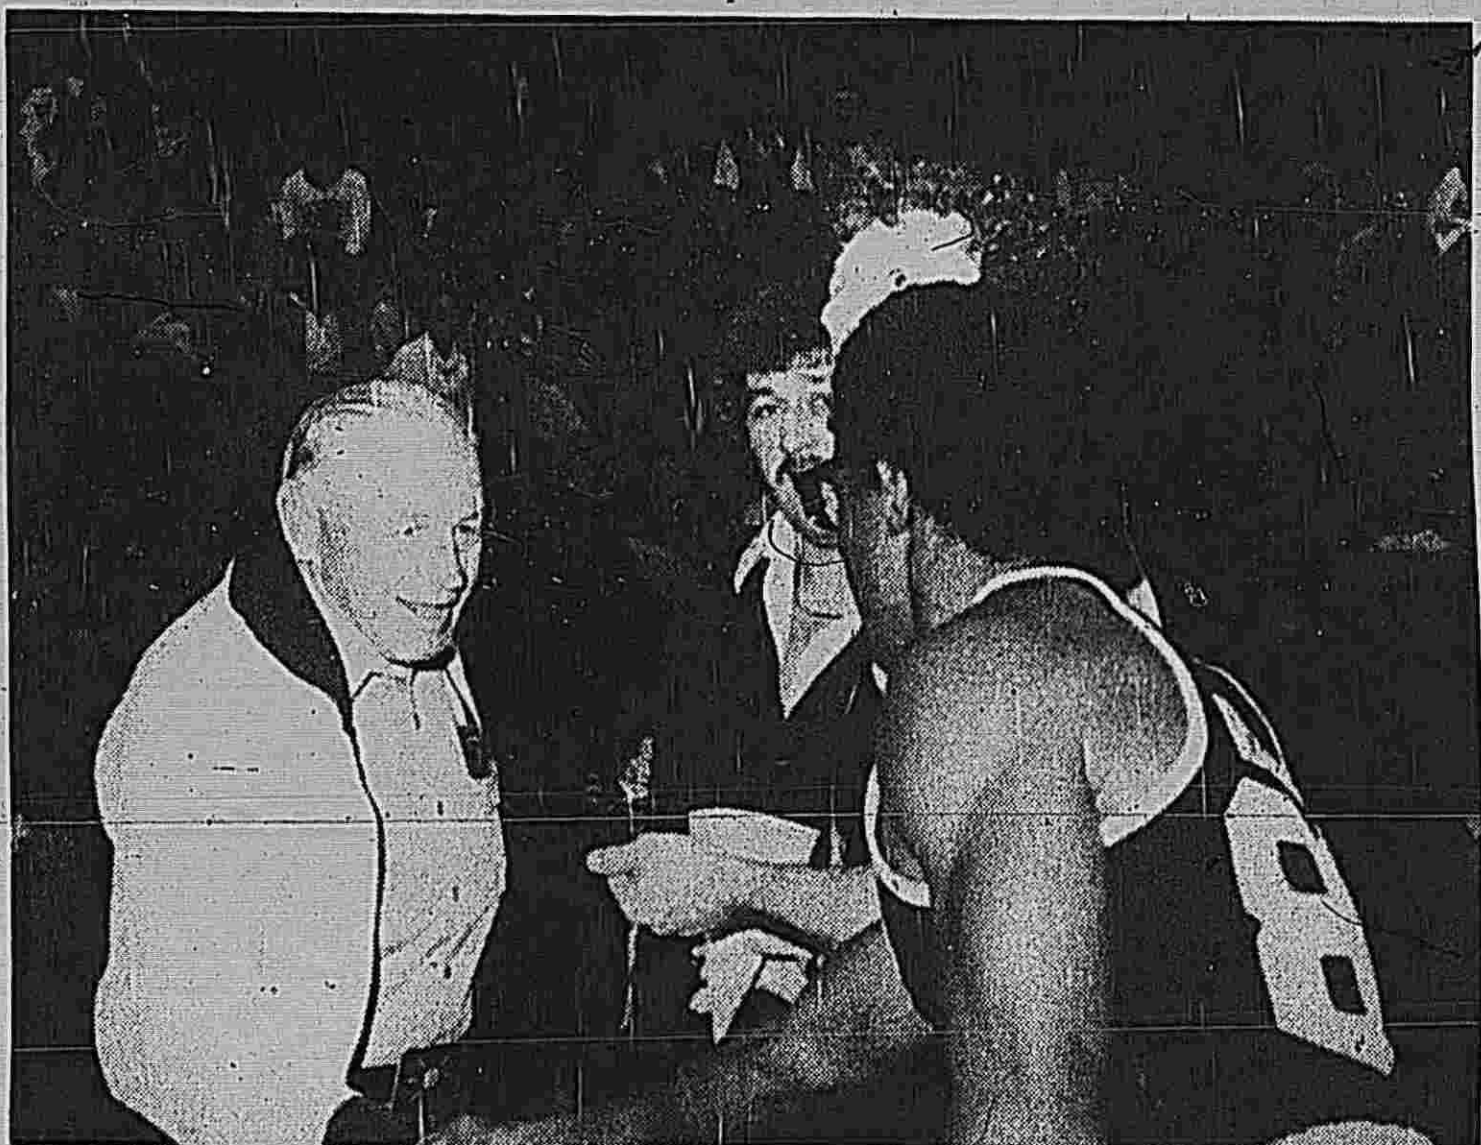

**COACH DON MORRIS ENJOYED** seeing his Antioch team build a 16-point lead over the Bears midway through the game. Behind him are some of the players: Al Anderson, Brad Ipsen, Chuck Miller, Pat Ryan, Tom Kelly, Mike Haley, Rich Higgins and Bill Georgeson.

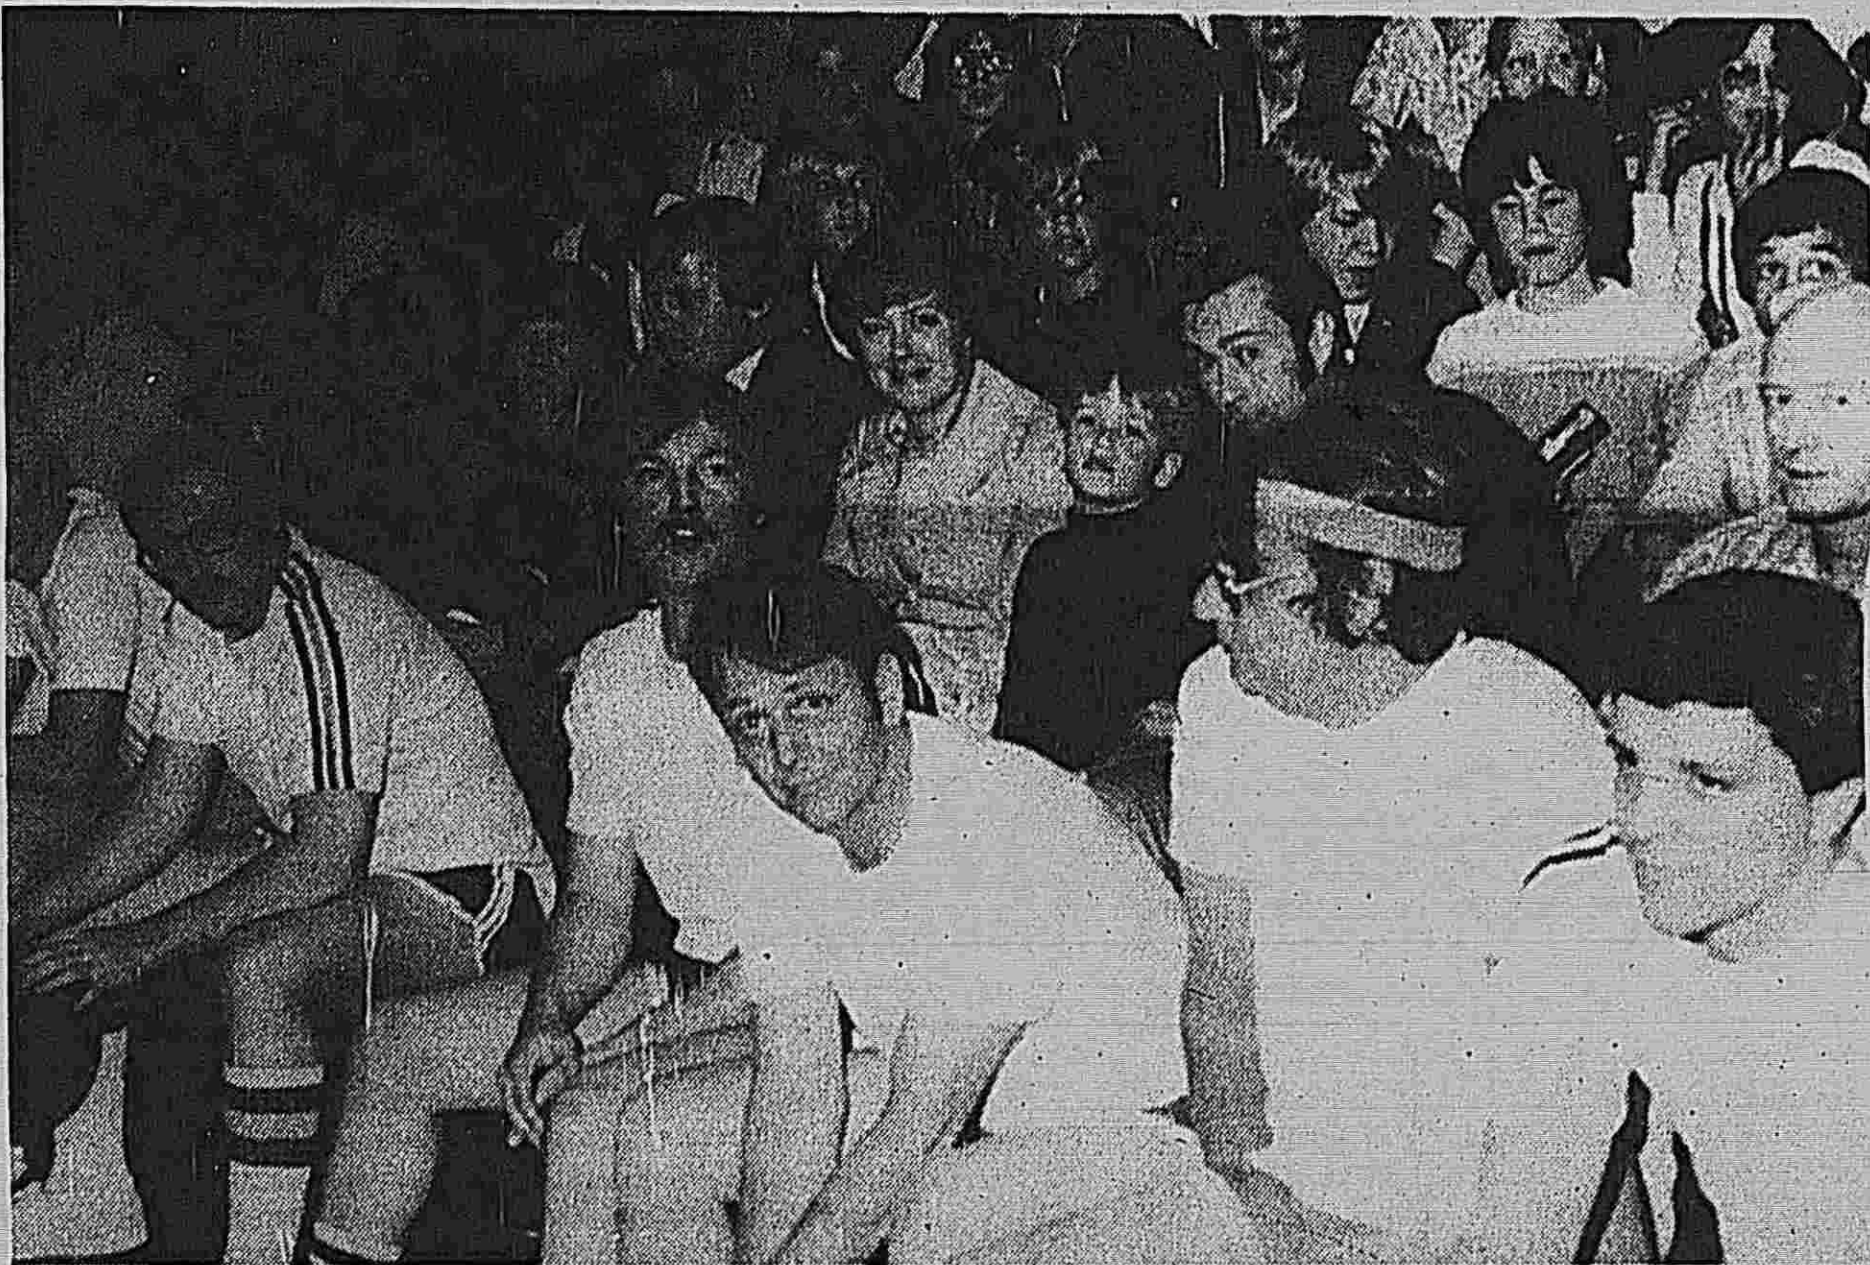

**NEVER LOSING CONTROL** of the game, referee Walt Soderman (principal of Oakland School), gave orders to Roland Harper. The Bears enjoyed Soderman's antics and so did the crowd. Also officiating was Harley Ware, principal of Antioch's Lower Grade School.

**ANTIOCH'S FORMER MAYOR** and one of its favorite residents, Jim McMillen, chatted with members of the 1978 Chicago Bears football team Friday night. Mr. McMillen played for the Bears from 1924 to 1928.

**WITH ATHLETES LIKE THIS**, it's no wonder the Antioch businessmen tied the Bears in their basketball game here Friday night. From left: Tim Osmond, Glenn Hendrickson, Jim Fields, Rich Higgins and Steve Miklautsch and, behind them, some of the fans who cheered them on.

**DON'T LOOK NOW, GIRLS**, but one of the Chicago Bears is sneaking into your picture. Six young Antioch girls turned out to cheer the local businessmen on to victory ... only to gain a tie. The cheerleaders also surprised the Bears, and the crowd, when they took the floor and quickly scored a basket at the start of the second half. Of course, the Bears didn't try to stop them the way they stop the Green Bay Packers.

# Track team has some winners

Antioch High's track team journeyed to Dundee and withstood a rainstorm to defeat the host Cardinals 90-50. It was the first conference win of the season. The frosh-soph team also won, 93-48. Thursday's meet with Jacobs and McHenry was

postponed until May 10 due to inclement weather. On Saturday the Sequoits participated in the 12-team Lake Forest Invitational.

AGAINST DUNDEE, Brian Andrews won the high and low hurdles and ran on the winning 440 and mile relays.

Others with more than one first were Greg Bies, Jim Eller and Chris Ano.

Tracy Sodman had a throw of 141 feet 8 inches to win the discus. Mike Harr, Tom Parpan and Chuck Rogers won the shot put, pole vault and two mile run, respectively.

Dirk Millsop had four firsts to lead the sophs to victory. Antioch won 14 of the 17 events.

AT LAKE FOREST, Andrews took Antioch's only first with a win in the 330 low hurdles.

Jim Crutchfield placed fifth in the 100 and 220 yard dashes and ran on the fifth-place 440 relay along with Greg Allen, Denis Flaschner and Andrews.

Chris Ano was second in the high jump and Bill Strzelecki took third in the long jump.

Andrews added a fourth in the high hurdles and ran anchor on the fifth-place mile relay team. Also on the team were Kevin Shepard, Ano and Flaschner.

Parpan was fifth in the pole vault and Sodman sixth in the discus.

The two mile relay team of Bies, Eller, Mark Biel and Roger Plechaty also was fifth.

ON THE SOPH LEVEL, Brian Beal took Antioch's only first with a win in the high hurdles. Millsop was third in the 220, Mike Tomany was third in the pole vault, and the 440 yard relay and mile relay teams were also third.

Andy Dugenski was fourth in the 440, Matt Firestone fifth in the 880 and the two mile relay team was fifth.

Antioch will host Stevenson and Woodstock this Thursday and participate in the Warhawk Invitational at North Chicago on Saturday.

ANTIOCH'S TOM PARPAN won the pole vault last week as the Sequoits defeated Dundee in a varsity track meet.

## Upper Grade wins 2 track meets

The Antioch Upper Grade School track team met Lake Villa last Saturday and came out victorious in both 7th and 8th grade divisions.

The 8th graders were led by Rich Schlarbaum, who posted firsts in both the shot put and discus, and by Kevin Aronson who took first place in the 440 yard run and in the 120 yard hurdles.

Paul Baczynski, Matt Stevens, Greg Lewis and Hank Woolard each scored in three individual events. Other first place finishers for the 8th grade were Greg Lewis in the high jump and Craig White in the 70 yard hurdles.

The 7th graders were led by Bill Carney who staged a one-man assault on the Lake Villa squad with first place finishes in the 440 and 220 yard dashes.

Bill also placed second in the shot put and ran on the 880 and spring medley relay teams, both of which won.

OTHER FIRST PLACES taken by Upper Grade School runners were:

Andy Lehn in the discus, Les Zilkus and Brad Herbst tied for first in the high jump, Tibor Jung in the 120 hurdles, Derek Olsen in the 50 yard dash and John McCarthy in the 880.

Antioch 7th graders swept all three places in the high jump, the 120 yard hurdles, the 440 and the 880. Coach Bob Lipinski's Upper Grade track team will run against West Oak of Diamond Lake this Saturday at 10 a.m. at Antioch High School.

## Near or far, radios offer entertainment

If you're one of the many Americans who will be going into the Great Outdoors, consider taking along a portable radio.

Many vacation and wilderness areas are served only by Clear Channel radio broadcast stations at night, and thus a portable radio in the camper, recreational vehicle, vacation cabin or at the campsite becomes a necessity, one that operates on batteries or household current.

For those interested in only news and music, Zenith suggests that you acquire a full-size portable. These usually offer such standard features as solid state circuitry for greater reliability; AM and FM with AFC on FM, and some feature Stereo FM.

If you're interested in tuning the National Weather Service reports, the Marine Band or aircraft transmissions, consider a multi-band portable radio. Zenith has one model with 11 different bands, which includes international and short wave frequencies.

## 'Purple Martin Time' meeting here tonight

In conjunction with the Nature Society, the Northern Illinois Conservation Club is again sponsoring "Purple Martin Time" in Antioch.

The celebration during the fourth week of April officially announces the arrival of spring (which has been a little late this year) as well as the arrival of the purple martin, known as "America's most wanted bird."

The purple martin is a large, blue-black swallow - the largest member of the swallow family. It is popular with humans because it seems to like people, prefers to nest in colonies near human homes, and feeds exclusively on flying insects, including mosquitoes and flies.

"We are fortunate to have an abundance of purple martins in the Antioch area because of the influence of our Chain of Lakes," said Henry R. Kaht of the Conservation Club.

As part of "Purple Martin Time" the

Northern Illinois Conservation Club (NICC) has donated two purple martin systems. One is to be installed at the Hiram Buttrick Sawmill grounds and another at Doc Jensen Park in order to propagate the species once in danger of extinction, and promote interest to the community.

ANYONE INTERESTED in information on the purple martin or the eastern bluebird which is a new endeavor of the NICC in the Antioch community, can contact Maryanne Kaht, secretary of the club, 395-1898.

At the next general membership meeting of the NICC, "The Purple Martin Story" will be told. Persons interested can attend the meeting on Wednesday (tonight) at 8 p.m. It is open to the public.

The conservation clubhouse is 2½ miles west of Antioch off Route 173.

The earliest known English comedy was "Ralph Roister Doister," written in 1533.

## CLC board reorganizes

Arthur Katzenmaier of Grayslake was elected chairman of the College of Lake County board of trustees at a special session of the board.

Katzenmaier, a board member for two years, replaces the previous chairman, Eleanor Rostrom, who was defeated in her bid for re-election to the board.

Richard Anderson of Grayslake was elected as the board's vice chairman and Vernon Manke, dean of business services at the college, was elected secretary.

Results of the Apr. 8 election showed incumbent S. Robert Hoekstra with 4,093 votes, Mrs. Rostrom with 4,087 votes, Dennis Conti with 3,604 votes and J. David McCartney with 4,361 votes.

Hoekstra, of Lake Zurich and newcomer McCartney, of Kildeer, were officially seated on the seven-member board.

## Our Children

Anxiety of mothers and fathers about the conduct of their children is understandable. Parents want their boys and girls to grow into fine men and women.

Parents can influence the conduct of children best, not by denouncing fads, but by giving them intelligent guidance and good examples to follow.

If parents dislike certain activities, it's up to them to provide other forms of recreation more desirable.

Before too much complaining about what youngsters are doing, parents should take stock of what they're doing for the boys and girls of their local community.
